

SUMMARY BOX						
Product name	Allica Bank Savings Pot					
What is the interest rate?		Interest				
	Aggregate balance in Savings Pot and linked Business Rewards Account†	Margin	Standard Tracking Rate Gross	Standard Tracking Rate AER*	Bonus Tracking Rate Gross	Bonus Tracking Rate AER*
	Tier 1: £1-£19,999.99	n/a	0	0	0.25%	0.25%
	Tier 2: £20,000-£39,999.99	1.92%	1.81%	1.83%	2.06%	2.08%
	Tier 3: £40,000-£5,000,000	0.92%	2.79%	2.83%	3.04%	3.08%
	The Bonus Tracking Rate is the Standard Tracking Rate plus an additional 0.25%.					
	The Bonus Tracking Rate will be applied to your Savings Pot until 8 July 2027.					
	Interest accrues on the balance in your Savings Pot and is calculated daily and paid monthly directly into your Savings Pot.					
	The interest rate is variable and tracks at a margin below the Bank of England base rate.					
	These rates are based on the Bank of England base rate of 3.75%. To monitor the Bank of England base rate visit www.bankofengland.co.uk					
	The minimum interest rate is 0.00%. This means that we may pay no interest dependent on your account balance and the defined margin below the Bank of England base rate at that time					
	† To determine the rate of interest to be applied to the balance on your Savings Pot the aggregate balance across your Savings Pot(s) and linked Business Rewards Account is calculated at the end of each calendar month by adding the daily balances in that calendar month and dividing by the number of days in that calendar month. The rate is applied to the balance from the first day of the next calendar month for the full calendar month.					
	*AER stands for annual equivalent rate and illustrates the interest rate if it was paid and compounded once each year.					
	You can boost the interest rate you earn in the following ways:					
<ul style="list-style-type: none">• If you make 15 or more bank transfers in a calendar month from your Business Rewards Account, your Savings Pot rate will be boosted by 0.25% in the following month. The boost will be applied each month these criteria are met ("Bank Transfer Boost").• If you complete a successful switch (partial or full) with the Current Account Switch Service (CASS), your rate will be boosted by 0.5%. The boost will be applied from the first day of the month following the date of the successful switch for 6 months ("Switching Boost").						
The maximum interest rate boost you can earn each month is 0.75%.						
The illustration below assumes boosts are applied to a Tier 3 bonus tracking rate. See appendix for illustrations of boosts being applied to Tier 1 and Tier 2 bonus tracking rates.

What is the minimum and maximum I can invest?	You can invest between £1 and £5,000,000 into your Savings Pot.					
	You can make as many deposits as you like during the lifetime of the account up to a total of £5,000,000.					

What happens when the Bonus Tracking Rate ends?	We will write to you at least 14 days in advance to remind you that your bonus period is coming to an end and that, when it ends, the interest rate will revert to the Standard Tracking Rate. The Standard Tracking Rate is calculated daily and paid monthly directly into your Savings Pot.			
Can Allica Bank change the interest rate?	Yes we can. The interest rate on this Savings Pot is a tracker rate, so it can go up or down depending on the Bank of England base rate. The margin is variable. This means that we can increase or reduce the margin at any time. See section 5 of the Savings Pot Account - Supplemental Terms and Conditions for details of how we may make an interest rate change. If the base rate changes, or if the change to the margin is favourable to you, the new interest rate on your account will apply without notice, no more than 3 business days following a change in the base rate. Otherwise, if we change the margin to effectively lower a rate, we will notify you of the change via email at least 14 days before the change takes effect.
