		5.05%	5.05%
	Interest is calculated daily and paid annually into this account. * 'AER' means 'annual equivalent rate' and is designed to make it easy for you to compare savings products. It tells you how much interest you'd earn if you put some money in an account and left it there for a full year. It takes account of things like how often the interest is paid and assumes any interest paid during that year is added to the balance and earns interest

<b>Can Allica Bank change the interest rate?</b>	No. In a fixed-term account, we guarantee the interest rate you'll receive for the duration of the fixed term.		
<b>What would the estimated balance be after 24 months based on a £20,000 deposit?</b>	Opening deposit	Balance at maturity	Interest earned
